

Consider working at:

Indian Oil and Gas Canada (IOGC), the Special Operating Agency that manages and regulates oil and gas resources on Indian reserve lands across Canada.

A dynamic organization in exciting times, you can grow with IOGC as it meets the challenges of the times. IOGC regularly has openings in various

positions, ranging from technical professionals to administrative officers to managers.

Interesting and meaningful work is a given at IOGC, as it serves its First Nation clients and strives to maximize their benefits from oil and gas resources located on their lands.

As part of the Government of Canada, IOGC offers good salaries with a comprehensive benefits package and indexed pension plan. IOGC promotes life-work balance and offers flex time options.

With offices located on the scenic Tsuu T'ina First Nation lands at the western edge of Calgary, you can enjoy the fresh air and mountain view as you arrive at work.
